

FISCAL NOTE

SB 1530 – HB 1263

February 24, 2007

SUMMARY OF BILL: Requires that notification about a delinquent child who is on probation for a felony offense be given to a principal of a school if school attendance is a condition of such probation.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Increase Local Govt. Expenditures – Not Significant

Assumptions:

- The proposed legislation would include any felony that may not currently be included as a required offense for the notification of a delinquent child attended a school.
- The provisions of the bill will increase the number of children on probation that the Department of Children's Services (DCS) have to notify schools and local and municipal law enforcement agencies about the nature of such children's offenses and probation requirements. Such increases in workload will not be significant and will not have a significant increase in state and federal expenditures.
- There will not be a significant increase in expenditures for local school systems.
